

SELLER SHEET

YOU'RE READY TO SELL YOUR BAINBRIDGE ISLAND HOME AND START A NEW CHAPTER.

Big shifts often call for big moves. You want to sell your home for the highest possible price, in the shortest amount of time on the market – and of course with no added stress.

Without a broker who cares about you and your goals, knows your local market and knows how to accomplish what's appropriate for your unique circumstances, you will walk away with less than you deserve.

I CAN HELP

Does finding the right broker feel like looking for a needle in a haystack? I completely understand – there seem to be hundreds if not thousands out there. But when it comes to selling what may be your one largest asset, you need an expert broker who can customize her approach to match your property, and who will work on your behalf to maximize your home sale.

GOOD NEWS!

You have come to the right place. With excellent preparation, reliable communication, and effective marketing, we'll attract qualified buyers and get your home positioned to sell for the highest possible price in the shortest amount of time.

I understand what it is to sell the family home, downsize into something significantly smaller, and do it as a single woman. I did the very same thing in 2015. That's why, when I work with my clients, I see my job as not only helping them maximize their home sales, but helping them understand the process. My strategic pricing, attention to detail, and superb follow-through are just a few reasons my Bainbridge Island clients trust me to sell their homes.

HOW DO WE GET STARTED?

1. Initial Phone Call: We'll discuss your goals and my process, and see if it's a fit. Then schedule a home visit.

2. Home Visit: At the home visit we'll tour your property, and discuss the important information you need to know about preparing and selling your home in today's market.

3. On the Market: Throughout the process of selling your home my priorities will be keeping you informed and seeing your home brought under contract at the best possible price in the shortest amount of time so you can move ahead into your future.
